

NO REPORT ON E-2 EXPLOSION

Battery Not Cause, Says Edison Expert.

INQUIRY HELD IN SECRET

Rear Admiral Usher Holds Investigation Into Cause For Blast Which Wrecked Submarine, Killing Four and Injuring Several Men.

New York, Jan. 17.—A statement indicating that the new Edison storage battery was not in any way responsible for the explosion on the submarine E-2, which killed four men and injured ten others at the New York navy yard was made by Miller Reese Hutchinson, chief engineer for Thomas A. Edison and a member of the naval consulting board.

The preliminary inquiry into the explosion was held in secret by the board of inquiry appointed by Rear Admiral Nathaniel R. Usher, commandant of the navy yard. Neither Admiral Usher nor any of those present would discuss what occurred at the inquiry.

Secretary of the Navy Josephus Daniels, who is expected to name a board of inquiry to conduct a formal investigation, left for Washington without making any statement regarding the explosion.

At the hospital where the injured were taken it was said several of them were in a critical condition and one is expected to die.

The only light shed on the disaster was contained in the statement of Mr. Hutchinson.

"I have made as complete an inspection of the interior of the submarine E-2 as conditions at present will permit," said Mr. Hutchinson. "This inspection I made as Mr. Edison's chief engineer and personal representative. I have formed a tentative opinion. This I have transmitted to the commandant of the New York navy yard, under whose jurisdiction this boat was on Jan. 15, 1916. It is subject to revision when all the facts are brought forth by the board of inquiry which Admiral Usher has ordered."

"Having been present at the preliminary inspection, I consider I am bound by the same rules and regulations as is a naval officer in matters of a confidential nature, and must refer you to Admiral Usher for such information as he may be in position and inclined to give."

"As to the Edison battery, with all the facts and conditions before me, I see no reason to recommend to Mr. Edison any change or alterations in the theory, construction or method of installation of the Edison submarine type storage battery. The battery in the E-2 does not appear to have been injured in the least."

BE ENERGETIC NOT LAQUID

Medical Authority Tells What This Condition Really Means.

"When you are languid and listless, or lack ambition and feel so melancholy that life seems scarcely worth the living, it is absolutely necessary that you take treatment to correct these sub-normal conditions, because you are suffering from derangements of a vital organ," declares one of the greatest medical authorities.

That "tired feeling" means a good deal more than is generally realized. It is not laziness, it is physical ailment that needs correction quickly before it becomes even more serious by taking a firm hold on you.

Throw off that nervous depression. It is your duty.

Tanlac, the tonic, appetizer and invigorant, that builds new tissues, vitalizes the blood and acts so favorably on ailments of the stomach, liver and kidneys and catarrhal affections of the mucous membranes, is designed especially to correct these conditions. It tends to put you back in body and mind like those old-fashioned, but most sensible folks—the pioneers, and to make you sturdy and of real manhood and womanhood.

Men and women, from the highest to the lowest walks of life, everywhere are testifying to the relief Tanlac has brought them. No other remedy has ever won such great endorsements that can only come from superlative merits. Tanlac can now be had in Cloverport at the Wedding's Drug Store, where it is being fully explained to all questioners.

David Leibovitz Honored.

The Hickman Courier of last week had on its front page the picture of a former Hancock boy, David P. Leibovitz, formerly of Lewisport, were his parents, Mr. and Mrs. Frank Leibovitz, still live. The citizens of Hickman held a mass meeting to select a set of business men to be voted for at the recent election and David Leibovitz was the first man named. He is one of the most progressive merchants of that city and besides being elected as a member of the city council he was also appointed on the finance board. The selection of David Leibovitz for these important positions is a recognition of his worth as a young man of whom this county can feel justly proud.

ONE DEAD; SEVERAL HURT IN CHURCH RIOT

Members Resent Installation of
New Pastor.

Pittstown, Pa., Jan. 17.—George F. Bush of this city, sheriff of Lucerne county, with twelve members of the state constabulary, went to Dupont, near here, to see that the Rev. Francis B. Kurkowski, now pastor of the Sacred Heart of Jesus, Polish church, was not molested in the holding of services.

Five hundred men and women, friends of Father Edward Guzwa, deposed pastor, filled the churchyard when the officers arrived.

The sheriff asked the crowd to make way for their new pastor. As he spoke the church bell tolled. It was the signal. In a second the mob charged the sheriff and troopers. Captain Leon Pitcher, of the constabulary, staggered back from the gate. He had been hit over the head with a club. As he dropped into the arms of one of his men unconscious, a stone struck him in the face.

The troopers then brought their guns and riot sticks into action. Stones, clubs and bullets filled the air. Ross Humer, a trooper, was struck on the head with a club, receiving a fractured skull. Corporal Albert Carlson had his shoulder broken. Other troopers had their noses broken.

Four rioters were taken to Pittstown hospital, suffering from bullet wounds, one believed to be George Greik died. He was shot in the thigh.

Captain Pitcher and Trooper Humer are in the hospital. Humer is not expected to live. Pitcher's condition is serious.

Bad Cold Quickly Broken Up.

Mrs. Martha Wilson, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.
